I want to welcome our new and returning students, faculty and staff to Touro University California and the opening of the 2013-2014 academic year. Campus safety and security is of critical importance to each of us and a responsibility we must approach together as a university community.

We are fortunate that most of us will never experience violence or crime in our personal or professional lives; however, despite best efforts at prevention, crimes sometime do occur. This document is written and circulated for your review because we believe that an alert, well-informed campus community is our best protection against crime and danger.

We want our campus to be a safe place to learn, to study and to work. To further this objective, and comply with federal law, we ask that you review carefully this booklet on campus-wide safety. It will acquaint you with campus safety policies and regulations and types of incidents tracked and reported on campus. It will also provide useful tips on how to maximize your personal safety and respond in the event your safety is threatened.

Touro University California is committed to taking a proactive approach to campus safety and responding promptly and effectively to concerns of our campus community. Through shared knowledge and joint cooperation we can work together to create and sustain a safe, secure and productive learning environment.

Please take the time now to read the attached safety report, and familiarize yourself with the information provided. An informed and alert community is our best defense against crime and danger. Thank you for your cooperation.
ANNUAL SECURITY REPORT

ABOUT TOURO UNIVERSITY CALIFORNIA

Established in 1997, Touro University California offers graduate degrees in osteopathic medicine, pharmacy, physician assistant studies, public health and education. The mission of Touro University California is to educate caring professionals to serve, to lead and to teach. Students from diverse backgrounds are recruited nationally to create a dynamic, robust learning environment. Touro University California is part of the Touro College and University System (TCUS) that is a system of Jewish-sponsored non-profit institutions of higher and professional education. Touro College was chartered in 1970 primarily to enrich the Jewish heritage, and to serve the larger American community. Approximately 19,000 students are currently enrolled in its various schools and divisions. Touro College and University System has branch campuses, locations and instructional sites in the New York area, as well as branch campuses and programs in Berlin, Jerusalem, Moscow, Paris, and Florida. Touro University California and its Nevada branch campus, as well as Touro College Los Angeles and Touro University Worldwide, are separately accredited institutions within the Touro College and University System.

The Touro University California (TUC) campus is located 40 minutes from San Francisco on the site of a former naval station with a prestigious history in shipbuilding and military medicine dating back to 1854. The campus has retained the historic character of the area as it has renovated and preserved many of the original buildings. In spite of its picturesque setting, administrators at TUC realize that safety and security must always be a high priority and have taken significant efforts to ensure the security of the campus and the TUC community. This report outlines many of these initiatives and we encourage campus community members to take personal responsibility for their and others security.

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

This Annual Security Report (ASR) contains three years of crime statistics and information about certain policies including sexual assault, campus security policies, and where students, staff, faculty, and visitors should report crimes. The complete text of the Clery Act and the U.S. Department of Education regulations are available on the Clery Center for Security on Campus, Inc. at www.clerycenter.org.

At Touro University California, the Clery Act Compliance Committee, led by the Provost/Chief Operating Officer, Dr. Marilyn Hopkins, is responsible for preparing the ASR and ensuring university compliance with all aspects of the Clery Act. TUC’s Clery Act compliance program is a continual, coordinated effort by the Clery Act Compliance Committee and other members of the TUC administration. These activities include collecting crime statistics from campus security authorities, the Vallejo Police Department, other local police departments, and developing and revising Clery Act-required policies related to campus safety and security.

The ASR is published by October 1st of each year and can be found on the Campus Safety webpage at http://studentservices.tu.edu/_resources/docs/otherservices/2013AnnualSafetyReport.pdf. Current and prospective students and employees can request a paper copy of this report by contacting Mr. Jay Ritchie, Associate Vice President of Administration or Dr. Jim Binkerd, Associate Dean of Student Services.

REPORTING CRIMES AND OTHER EMERGENCIES

TUC encourages victims and witnesses of crime to report crimes and other serious incidents as soon as possible to Campus Security at Campus Security (707) 638-5804. Campus Security Officers can be reached 24 hours/day, 7 days per week. Campus Security staffs the reception desk at Lander Hall during selected hours.

Voluntary, Confidential Reporting

Due to the sensitive nature of sexual assault, relationship violence, and stalking, survivors may choose to report these crimes confidentially or anonymously. Any victim, witness or third party may report confidentially to the Dean of Student Services, to the Associate Dean of Student Services, to the Director of Human Resources or by filling out the Anonymous Crime Report form, available online or from Campus Security at the reception desk in Lander Hall, the Library,
Human Resources or the Student Health Services in Wilderman Hall. The Provost/Chief
Operating Officer will ensure that the statistics from these reports, without any personally
identifying information, are included in the annual disclosure of crime statistics.

Campus Security maintains a daily crime log of all crimes reported to the department. The log is
available for public inspection during normal business hours of 8:00 a.m. to 5:00 p.m., Monday
through Thursday; Friday 8:00 a.m. to 3:00 p.m. at the Campus Security reception desk in Lander
Hall.

**Campus Security Authority (CSA) Policy**

While we prefer that TUC community members promptly report all crimes and other emergencies
directly to the Campus Security (707) 638-5804 or to the Dean of Student Services (707-638-5226),
we recognize that some may prefer to report to other individuals or university offices. The Clery
Act recognizes certain university officials and offices as “Campus Security Authorities (CSA).” The
Act defines these individuals as “an official of an institution who has significant responsibility for
student and campus activities, including, but not limited to, student housing, student activities and
campus judicial proceedings. An official is defined as any person who has the authority and the
duty to take action or respond to particular issues on behalf of the institution.”

TUC has designated the following university officials as CSAs. As a CSA these individuals will
receive training as appropriate. If they become aware of a crime involving Touro University
California or a member of our community they must report it immediately to Campus Safety or to
any of the following CSAs:

- Provost/Chief Operating Officer
- Associate Vice President of Administration
- All full-time members of Campus Security
- All Deans, Associate Deans, Assistant Deans and Directors
- All advisors to student organizations
- All Building Captains and alternates
- Title IX Coordinator
Certain individuals who have significant responsibility for student and campus activities are exempted from reporting:

- Pastoral counselor. A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition at the university as a pastoral counselor. At TUC, this would be the Rabbi.
- Professional counselor. A person whose official responsibilities include providing mental health counseling to members of the university community and who is functioning within the scope of their license or certification. This definition applies even to professional counselors who are not university employees but are under contract to provide counseling at TUC.

The function of a CSA is to report to the Dean of Student Services, Associate Dean of Students, or the Associate Vice President for Administration those allegations of Clery Act crimes that can reasonably be concluded are made in good faith. A CSA is not responsible for determining authoritatively whether a crime took place - that is the function of the Campus Security and/or local law enforcement personnel.

**Emergency Phones**

There are over 25 exterior telephones being installed Fall 2013 that will be available for emergency use; of these phones, fifteen will be the Blue Light Emergency Telephones with direct contact to Campus Security by simply pushing the red button on the face of the unit. These telephones can be used to report a criminal incident, a fire, or any other type of emergency.

**ABOUT CAMPUS SECURITY**

**Role, Authority, and Training**

Campus Security at Touro University California is provided through a contract with a third-party security guard service, Universal Protection Services. Campus Security provides safety, security and emergency response services for the university 24 hours/day seven days a week, by two full-time, unarmed, uniformed officers. Security officers are on-duty patrolling the campus and are able to respond quickly to those needing assistance. Typical patrols are carried out on foot and in a marked Campus Security patrol vehicle.
All full-time security officers are registered with the California Department of Justice, Division of Consumer Affairs as security officers and have the same powers to arrest as those of any other private citizen. All security officers have first aid/responder, CPR and AED training. On-going training is mandatory for all full-time campus safety officers.

**Working Relationship with Local, State, and Federal Law Enforcement Agencies**

TUC maintains a close working relationship with the Vallejo Police Department and through VPD, the California Highway Patrol and calls upon them for support when the need arises.

**Crimes Involving Student Organizations at Off-Campus Locations**

TUC does not have recognized student organizations with off-campus locations.

**TIMELY WARNING REPORTS**

The university will issue a Timely Warning to notify the campus of any Clery Act crime that represents a serious or continuing threat to the campus community, is reported to local law enforcement or a CSA, and occurs within the Clery defined geographical areas. The purpose of these warnings is to both notify the community about the incident and enable them to take measures to protect themselves.

In the event it is necessary to issue a Timely Warning, the Provost/Chief Operating Officer, Director of Information Technology, Associate Vice President of Administration, and the Dean of Student Services will collaborate in developing the content and delivery method of the Timely Warning. Any of the above individuals has the authority to compose and send a campus wide notification adhering to the above qualifying criteria. Generally, the university will issue Timely Warning Reports via email. In extreme cases, the university may elect to use the EverBridge Alert, the emergency notification system used on the TUC campus to issue alerts. Timely Warning reports are considered on a case-by-case basis, depending on the facts of the case and information known at the time of the initial report.

If, in the professional judgment of the local law enforcement authorities, issuing a Timely Warning would compromise efforts to address the crime, the notification may be delayed. Once the potentially compromising situation has been addressed, the Timely Warning will be issued immediately.
Informational Message - The university may issue an Informational Message to advise of situations that may affect or be of interest to the campus community. Such information is not considered an immediate threat to health, safety or property. (Example: street closures due to a major utility disruption, a series of larcenies, etc.)

SEXUAL MISCONDUCT PREVENTION AND RESPONSE

Touro University California prohibits all forms of sexual misconduct, including sexual and gender-based harassment, sexual violence and intimate partner violence. Such acts and all attempts to commit such acts are regarded as serious violations of TUC’s community expectations and norms and are likely to result in a severe disciplinary penalty. Possible disciplinary sanctions range from warning to expulsion from the university. California criminal law encompasses certain sexual offenses, and criminal prosecution may take place independently of TUC’s disciplinary processes.

Sexual misconduct includes these behaviors:

- Sexual Harassment
- Sexual Assault
- Non-Consensual Sexual Contact
- Sexual Exploitation
- Harm to Others
- Stalking
- Retaliation

What to Do if You or a Friend Are Assaulted

In the case of a sexual assault, we recommend survivors consider the following steps:

- Get to a safe place as soon as possible!
- Try to preserve all physical evidence. The victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until s(he) has a medical exam.
- Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police. The TUC Director of Counseling is available to provide support.
- Get medical attention as soon as possible. An exam may reveal the presence of a physical injury that is unknown to the victim. Following a sexual assault, antibiotics are typically given
at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraceptive pills are offered to all victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the rape. If the victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for six to eight hours after ingestion. The following local hospitals can provide these examinations:

Sutter Solano Medical Center  
300 Hospital Drive  
Vallejo, CA 94589  
(707) 554-4444

Kaiser Permanente  
975 Sereno  
Vallejo, CA 94589  
(707) 651-1000

NorthBay Medical Center  
1200 B Gale Wilson  
Fairfield CA 94533  
(707) 646-5000

- Contact the police. Sexual assault is a crime, it is vital to report it. We encourage victims to report the incident to the Vallejo Police Department (911; or 9911 from any campus telephone; or 707-648-4321) or other appropriate law enforcement agency in addition to the Associate Dean of Student Services or the Dean of Student Services or the Director of Human Resources. It is important to remember that reporting a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time.
- Consider talking to someone in counseling services. Speaking with a counselor or an advocate may be important to help the victim understand her/his feelings and begin the process of recovery.

**Reporting Sexual Misconduct**

Any incident of sexual misconduct occurring on or near campus should be reported as soon as possible to the Dean of Student Services, or the Associate Dean of Students, or the Associate Vice President of Administration, or the Director of Human Resources or to a Campus Security officer.
In response to a report, the Dean of Student Services or the Director of Human Resources is responsible for informing the reporting individual of resource options for care and support on- and off-campus. The Provost/Chief Operating Officer is responsible for ensuring the incident is investigated immediately or otherwise addressed to stop the harassment, prevent its recurrence, and address its effects. The administration of Touro University California will make every effort to change a victim’s academic and/or living situation after an alleged sexual offense and provide information on options for those changes if those changes are requested by the victim and are reasonably available.

Reporting an incident of sexual misconduct may help to prevent another incident of sexual misconduct. If an individual reports the incident, it does not mean that the reporting individual must proceed with a formal complaint with the university or a criminal complaint. Immediately following an incident, the individual should try to write down everything she or he remembers about the incident, including the physical description of the suspect(s) and any further information about the identity or location of the suspect(s).

TUC community members may also report an incident of sexual misconduct anonymously, by placing a summary of the incident in the Anonymous Crime Report drop box located at the Campus Security reception desk in Lander Hall, the Library, Human Resources or the Student Health Services in Wilderman Hall. The university is required by law to respond to all allegations of sexual misconduct.

**Advising, Resources & Education**

No matter when the incident of sexual misconduct occurred or what the victim decides to do, the victim should consider counseling. Sometimes talking can be the most important step to healing. Campus community members may contact the Director of Counseling Services, or contact the Employee Assistance Program (students are eligible to use the Employee Assistance Program) at any time to arrange an appointment. Friends of victims may seek counseling and support as well. Survivor advocates are also available in the local community. TUC administrators will assist community members in accessing these services.

- Those with questions about preventing sexual assault should obtain a copy of the handout entitled *Preventing Sexual Assault*, produced by the Crime and Violence Prevention Center
California Attorney General’s Office, located at the Student Health Center registration desk in Wilderman Hall.

Students should be aware that they have the option of notifying appropriate local law enforcement authorities. TUC administrators will assist Touro University community members in notifying police if desired.

**College Disciplinary Procedures**

Procedures for filing formal complaints with Touro University California concerning sexual misconduct are included in the Student Handbook and on the Campus Safety webpage (http://facilities.tu.edu/safety/). In the university disciplinary process, both the accuser and the accused may choose to be accompanied by another person during the disciplinary proceedings. In addition, both the accuser and the accused are informed of the final determination of the disciplinary body and, when appropriate, any disciplinary action. Details of Touro University California procedures for responding to complaints of sexual misconduct can be obtained from the offices of: the Title IX Coordinator/Director of Human Resources, the Dean of Student Services, the Associate Dean of Student Services. The university offers information and resources relating to preventing sexual violence and sexual harassment. These can be found on the Student Health Center, Counseling Services, and Campus Safety websites. For more information, or visit the webpage (http://facilities.tu.edu/safety/).

**EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

**Emergency Management at Touro University California**

Touro University California has an Emergency Action and Evacuation Plan that provides administrators and employees with procedures and guidance for responding to a wide range of emergency situations, including occupational injuries, medical emergencies, fires, chemical spills, natural disasters, and other crisis events that require emergency response.

A crisis is defined as a significant event that prompts significant, often sustained, news coverage and public scrutiny and has the potential to damage the institution’s reputation, image or financial stability. A crisis could be precipitated by an emergency or a controversy. An emergency is a fire, earthquake, crime that presents an ongoing threat or other event that involves a response from
police, fire or emergency medical personnel. A controversy does not necessarily require an emergency, nor may it require an immediate response, but if sustained could precipitate a crisis.

The Plan is intended to be the master resource of procedures for all anticipated emergencies that might occur. The Plan includes Evacuation Procedures with identified evacuation assembly areas and instructions for evacuating buildings and the campus in various situations. A summary of the university Emergency Action and Evacuation Plan can be found at http://facilities.tu.edu/emergencyresponse/.

TUC has also established a building coordinator program to provide a local contact for each building to assist with emergency protocols for evacuation, lock down or other required emergency response. The building coordinators assist in making the program relevant to all areas of the university and provide Campus Security and Facilities with feedback and upgrades to improve the university’s ability to respond to any situation.

The Building Captains and alternates are considered CSAs and are trained on all emergency procedures and protocols for the safety of university personnel and property. They assist in informing building occupants of proper procedures for building emergency and evacuations drills in preparation for an actual emergency.

Drills, Exercises and Training

To ensure the university’s emergency actions plans remain current and actionable, TUC will conduct an emergency management exercise at a minimum once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. The university conducts after-action reviews of all emergency management exercises. Most recently, in July 2013, TUC participated in an Active Shooter drill in conjunction with the Vallejo Police Department. Yearly, the university participates in the Great Shake Out Earthquake Drills to further test our ability to respond during a major earthquake affecting the region. Following each emergency management exercise, key administrators meet to discuss the university’s performance and identify areas that require additional attention.

In conjunction with at least one emergency management exercise each year, the university will notify the campus community of the exercise and remind the community of the information included in the university’s publicly available emergency action policies, procedures, and plans.
Emergency Notification

Touro University California’s objective in a critical incident is to communicate facts as quickly as possible, updating information regularly as circumstances change, to ensure the safety of the Touro University California community and the continued operation of essential services.

Procedures Used to Notify the Campus Community

The university will use multiple mediums to reach as many people as possible with accurate and timely information. This is especially important in the first hours and days of an emergency or a crisis. The university uses the EverBridge Alert emergency notification system, in addition to emails and the TUC webpage, to immediately notify the campus community of a significant emergency or dangerous situation affecting the university community.

Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System

Campus Security and/or other campus first responders, such as the Associate Vice President for Administration may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to Campus Security or upon discovery during patrol or other assignments.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, first responders will notify the Provost/Chief Operating Officer, Dean of Students, Associate Vice President of Administration or the Director of Information Technology to issue an emergency notification.

The university’s authorized representatives will immediately initiate the university’s emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the university may elect to delay issuing an emergency notifications. As soon as the condition that may compromise efforts is no longer present, the university will issue the emergency notification to the campus community.
Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification

University and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification with determining what segment or segments of the university community should receive the notification. Given the size of our campus community, we will generally alert the entire campus. In addition to the emergency notification that may be issued via the university mass notification system, the university will also post applicable messages about the dangerous condition on the university homepage (www.tu.edu) to ensure campus community members are aware of the situation and the steps they should take to maintain personal and campus safety.

Determining the Contents of the Emergency Notification

TUC has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident. In those cases where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

Enrolling in the TUC’s Emergency Notification System

All faculty, staff and students are enrolled in the Everbridge Alert emergency notification system in use on the TUC campus. Campaigns are conducted at the start of each semester to encourage members of the campus community to provide multiple contact paths and to update the system with any changes to their contact information by visiting: http://www.everbridge.net.

SECURITY OF and ACCESS to UNIVERSITY FACILITIES

At TUC, administrative and academic offices are generally open from 8:00 a.m. until 5:00 p.m., Monday through Thursday; Friday 8:00 a.m. until 3:00 p.m.; academic buildings are generally open from 7:00 a.m. until 12S:00 p.m. Academic buildings are scheduled to be open on weekends only as needed. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there. Likewise, access to most programs is limited to those enrolled in the program or otherwise authorized access.
Selected cultural and community events held in the university facilities are open to the public.

**Security Considerations Used in the Maintenance of Campus Facilities**

Touro University California strives to ensure that all campus facilities are well maintained and that security is appropriate. Landscaping and outdoor lighting on campus is designed to enhance safety and security, with the attempt to provide pedestrians peace of mind. Similarly, sidewalks and other pathways are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Grounds-keeping personnel trim shrubs from sidewalks, walkways, and building entrances to provide a well-lighted route to buildings. All campus walkways are inspected regularly by Campus Security to ensure adequate lighting. Burned-out lights are replaced promptly.

We encourage community members to promptly report any security concern, including concerns about locking mechanisms, lighting, or landscaping to Campus Security (707-638-5804) or Facilities (707-638-5800).

**SAFETY AWARENESS PROGRAMS and CAMPUS SECURITY POLICIES**

During orientation, and typically followed up by safety and security informational emails, students are informed of security procedures and the many services offered by the university. In addition, students are told about crime on-campus and in the surrounding neighborhood. Safety awareness programs are offered by various university offices organizations throughout the year. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own safety and the security of their belongings.

**Daily Crime Log**

Campus Security publishes a *Daily Crime Log* of all crime and other reported significant events, Monday – Friday, on university business days. The log is available during business hours at the reception desk in Lander Hall. The log identifies the type, location, and time of each criminal incident reported to Campus Security.
The most current 60 days of information is available at Campus Security. Upon request, copies of any *Daily Crime Logs* older than 60 days will be made available within two business days of a request.
ALCOHOL AND OTHER DRUGS POLICY

TUC’s alcohol and drug policy provides students and employees with standards of conduct regarding the unlawful possession, use, or distribution of alcohol, controlled substances and marijuana; legal sanctions under local, state, federal law as well as university sanctions; and information regarding health risks and treatment services for substance abuse. Every two years, a committee of faculty, staff, and students review this policy to ensure its currency. The policy is located online at http://studentservices.tu.edu/registrar/drugfree.html.

Touro University California prohibits the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the workplace, on university property, or as part of any university activity. Similarly, the university prohibits the unlawful sale, manufacture, possession, distribution or use of controlled substances on the university’s campuses.

In order to enforce this policy, the university reserves the right to conduct searches of university property, student, or employees and/or their personal property, and to implement other measures necessary to deter and detect abuse of this policy.

The illegal use or abuse of drugs and/or alcohol that could impair a student or employee’s ability to perform academically or in the workplace, or disrupts others in the performance of their work or academic endeavors is strictly prohibited.

Students convicted of any criminal drug violation are required to notify the university within five days of the conviction. The university may then report this conviction to the appropriate agencies.

Any student or employee who is using prescription or over the counter drugs that may impair their ability to safely perform their academic or professional duties, or affect the safety or wellbeing of others, must notify the Director of the Student Health Center (for students) or the Director of Human Resources (for employees).

Any student or employee who violates this policy will be subject to disciplinary action, up to and including dismissal from his/her program of study or from his/her position with the university.

The university will encourage and reasonably accommodate students and employees with alcohol or drug dependencies to seek treatment and/or rehabilitation. However, the university is not obligated to retain any student or employee whose academic or professional performance is
impaired because of drug or alcohol use, nor is the university obligated to readmit or rehire any person who has participated in treatment and/or rehabilitation if that person’s performance remains impaired as a result of dependency. Students who are given the opportunity to seek treatment and/or rehabilitation, but fail to successfully overcome their dependency, will not automatically receive a second opportunity to seek treatment and/or rehabilitation.

Touro University California counseling services works with students to help with the psychological issues (including addiction issues) and refers to community resources as is necessary.

**Drug and Alcohol Addiction Recovery Resources**

- Solano County Comprehensive Mental Health Resources
  http://www.co.solano.ca.us/depts/hss/resource.asp
- Kaiser Hospital (members only service) 707-651-1000; out-patient 707-645-2700

- EAP Services (Blue Cross) 24/7 referral. Students have four no cost session through the EAP pertaining to psychological issue or need (1 800-999-7222)

**ANNUAL DISCLOSURE OF CRIME STATISTICS**

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities to disclose information about crime on and around their campuses.

Crime statistics for three years are published in the annual security report by October 1st of each year and submitted annually to the U.S. Department of Education. Crimes are reported in the following seven major categories:
Definitions of Reportable Crimes

Murder/Manslaughter – defined as the willful killing of one human being by another.

Negligent Manslaughter – is defined as the killing of another person through gross negligence.

Forcible sex offenses – is defined as any sexual act directed against another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent. Including: forcible rape, forcible sodomy, sexual assault with an object, forcible fondling.

Non forcible sex offense – unlawful, non-forcible sexual intercourse, including, incest and statutory rape.

Robbery – is defined as taking or attempting to take anything of value from the car, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault – is defined as an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary – is the unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft – is the theft or attempted theft of a motor vehicle.

Arson – any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes – includes all of the crimes listed above that manifest evidence that the victim was chosen based on one of the categories of bias listed below, plus the following crimes:

- Larceny/Theft—includes, pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.

- Simple Assault—an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

- Intimidation—to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.
• **Destruction/Damage/Vandalism of Property (except Arson)**—to willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

*Categories of Prejudice:*

**Race** – A preformed negative attitude toward a group of persons who possess common physical characteristics genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind.

**Gender** – A preformed negative opinion or attitude toward a group of persons because those persons are male or female.

**Religion** – A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being.

**Sexual Orientation** – A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex.

**Ethnicity/national origin** – A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and traditions.

**Disability** – A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.
### Crime Statistics

**TOURO UNIVERSITY CALIFORNIA**

**1790 Clark Drive, NAVAL BASE**
