Congratulations and welcome incoming COM students! Before you enroll in your program, Student Health must receive clear and legible health and immunization documents **30 days after the date of your acceptance letter**. The following mandatory documents are required and cannot be waived:

### 1. Health Forms:
- **Form A - Student Information**
- **Form B - Health History - Completed by you and signed off by your primary care provider (PCP)**
- **Form C - Physical Examination – Completed and signed by your PCP**
- **Form F - Authorization for Release of Communicable Disease Clearance Information to Clinical Rotation**

### 2. Positive Lab titters are required **30 days after your acceptance date**. A positive lab titer is a blood test that indicates positive immunity to a contagious disease. A positive quantitative titer is represented in **numerals**. Copies of the following lab titters must be on lab letterhead, no older than 5 years and received by Student Health **30 days after your acceptance date**:

- Positive Quantitative (numerical) Hepatitis B Surface Antibody Titer
- Positive Measles Lab Antibody Titer
- Positive Mumps Lab Antibody Titer
- Positive Rubella Lab Antibody Titer
- Positive Varicella Lab Antibody Titer

### 3. All Childhood Immunization Records required **30 days after your acceptance date** including the following:

- Hepatitis B 3 dose Vaccination Series + any Repeated Vaccinations Series
- MMR (2 vaccinations) and any additional MMR Boosters.
- Varicella Vaccination or documentation of disease date
- Flu Vaccination within the last year
- Adult TDap Vaccination (tetanus, diphtheria & pertussis) obtained within the last 5 years

### 4. **Form D-TB Symptom Survey and 2 step PPD completed between June 1st and June 25th**
- Step 1 PPD **must be** documented in mm of induration and read 48-72 hrs. after being placed.
- Step 2 PPD **must be** placed 7-14 days after Step 1 PPD is read.
- If you have a history of a positive PPD, a chest x-ray obtained **between June 1st to June 25th** is required. Also provide documentation of your past positive PPD and any treatment recommended by your PCP for latent TB infection (LTBI). If a past PPD is not available, provide a current QuantiFERON TB Gold test.

See the website for other preferred and recommended documents after matriculation. Please call the Student Health Center with any questions. You may mail, drop off or email clear scanned copies of your documents to:

**Touro University California**
**Student Health Center**
